

2021 IN REVIEW: VOLUNTEERS AT VHA HOME HEALTHCARE

Our volunteers continued to help those in need throughout 2021. We would like to express our sincere thanks for everything our volunteers at VHA Home HealthCare have done in the last year during the COVID-19 pandemic. Thank you for demonstrating your everyday kindness and being a leader in our community. You play an integral role in building healthy relationships, resilience and independence in our community. We celebrate the compassionate care that you bring and the meaningful connections made along the way.

86 
active volunteers

37% of our volunteers
from 2020 continued
volunteering during 2021

33% of our volunteers
engaged in more than
one role or supported
more than 1 client

In 2021, we were fortunate to have a full day of support during a 1-day corporate volunteer data project...
